Price: $235 + GST

Inside Performance and North Shore Baseball Association are co-hosting a summer baseball camp at Chris Zuehlke Park, open to youth baseball players from any organization, ages 8 - 12 years.

Summer Camps at Inside Performance offer the perfect opportunity for your player to continue developing their skills on the field during the best weather of the year.

This camp will be lead by highly qualified coaches who have played at professional and college levels.

Our 4 day camp will cover all aspects of the game including hitting, pitching and defensive skills for all positions. The camp will focus on skill development through individual and small group instruction, as well as fun games designed to put their newly developed skills into action. Our fun, supportive environment allows young athletes to grow their passion for the game of baseball.
